

- ◆ \$75 'sitting fee' (this is more of a 'deposit' and will be put towards the price of your pictures)
- ◆ We'll work on your time line - if we're having fun and want to keep going, we can - if this is something you are doing to appease your parents, we'll get the shots we need quickly and call it a day

- ◆ No outfit limits - if you don't mind changing twenty different times, I certainly don't mind waiting - it's up to you

# Senior Pictures

YOU decide what you want

I remember back when I had my senior pictures taken - it was a big deal to me - it was MY day to feel special. I have learned from my children, however, that not every-one shares my enthusiasm. I want to make your senior picture experience what you want it to be. We can make it as involved or as simple as you'd like. If you just want a picture for your announcement, we can do that - if you want many different poses in many different outfits in many different settings, we can do that too. This is YOUR time - you should get to decide how it should be!
